Re: Reclamation of Gold Hill Mill area Tooele County, Utah

Dear Ms. Martinez,

I was asked by William Moeller to ascertain dimensions of the Gold Hill Mill area's present and contemplated disturbance. The enclosed map of the area is at a 1" = 50' scale and was plotted by way of Bruton and tape. The following is the total area to be contoured, scarified, and re-seeded.

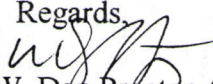

Total road disturbance	77,604 sq. ft.
Total mill area disturbance	27,485 sq. ft.
Total tailings area disturbance	107,458 sq. ft.
Total misc. areas of disturbance	6,500 sq. ft.
Total disturbance	219,047 sq. ft. or 5.03 acres

Utah State Division of Oil, Gas and Mining have recommended the following seed mix for this area.

pls per acre	Seed
- 1.0	Crested Wheat
- 2.0	Indian Rice
- 0.5	Piute Orchard Grass
- 2.0	Great Basin Wild Rye
- 0.5	Palmer Penstemon
- 1.0	Small Burnett
- 0.5	Yellow Sweet Clover
- 1.0	Lewis Blue Flax
- 0.5	Xochia
- 1.0	Four Wing Salt Bush
- 0.5	Rubber Rabbit Brush
- 0.1	Mountain Big Sage

To be broadcast at 10.6 lbs. live seed per acre, which in this case 54 pls total.

I hope you find this information to be in order and satisfies your concerns. If you have any questions please call (801) 756- 1414 ext. 46.

Regards,

W. Dan Proctor, Chief Geologist, Clifton Mining Company
